Individual Reflection week 1. Irene Cánovas Vidal.

WHAT DO I WANT TO LEARN OR UNDERSTAND BETTER?

During the development of this project, I would like to learn more about the Scrum framework. I would also like to improve my communication skills with the group and learn new programming languages.

HOW CAN I HELP SOMEONE ELSE, OR THE ENTIRE TEAM, TO LEARN SOMETHING NEW?

I can bring to my team the knowledge I learned during my data science courses, I can help in the implementation of the code and bring new ideas.

WHAT IS MY CONTRIBUTION TOWARDS THE TEAM'S USE OF SCRUM?

I have never used scrum, but my intention is to document myself and learn in order to bring as much knowledge as possible to my team.

WHAT IS MY CONTRIBUTION TOWARDS THE TEAM'S DELIVERIES?

I will perform the work assigned to me and I will try to be punctual in delivering my part of the work. I will try to help my colleagues as much as possible.
