Individual Reflection week 7.

Irene Cánovas Vidal.

WHAT DO I WANT TO LEARN OR UNDERSTAND BETTER?

I would like to better understand how github works, as it is still very complicated for me to work with it. I don't really understand its functions, nor how and when to use them.

HOW CAN I HELP SOMEONE ELSE, OR THE ENTIRE TEAM, TO LEARN SOMETHING NEW?

At the moment it is very difficult for me to help my colleagues and I have reached a point where the implementation of the work is entering a totally new field for me and I am asking for help.

WHAT IS MY CONTRIBUTION TOWARDS THE TEAM'S USE OF SCRUM?

I am part of the team and collaborate with my partner Alejandra. Between the two of us we carry out the tasks assigned to us or ask for help from the rest of our colleagues whenever we need it.

WHAT IS MY CONTRIBUTION TOWARDS THE TEAM'S DELIVERIES?

This week I have finished with my task of creating the overview page. I needed help from my colleagues.
