Individual Reflection week 1. Alejandra Sanchez Torres.

WHAT DO I WANT TO LEARN OR UNDERSTAND BETTER?

I would like to learn how to work with a large group of people as well as improve my communication and organisational skills. I would also like to learn new programming techniques

HOW CAN I HELP SOMEONE ELSE, OR THE ENTIRE TEAM, TO LEARN SOMETHING NEW?

I can bring programming skills to my team and will try to help with any problems that may arise. I will also try to contribute the knowledge acquired during my apprenticeship in Data Science.

WHAT IS MY CONTRIBUTION TOWARDS THE TEAM'S USE OF SCRUM?

I have never used scrum, but I will try to learn as much as possible to help my colleagues. I will inform myself about this framework and bring all the knowledge I have gained to my team.

WHAT IS MY CONTRIBUTION TOWARDS THE TEAM'S DELIVERIES?

I will be punctual when assigned tasks and will try to contribute as much as possible to help my colleagues.
